Creating a MathWorks account

For the first download you'll need an activation and the license key (for the Installation) of the particular MATLAB version. You can find the license document here:

Download (License information including MATLAB R2017a)

Installation

- 1. Go to: www.mathworks.com
- 2. Create an account with the STUDENT EMAIL ADRESS:

3. Click on "Create an account".

∢ MathWorks∗	
MathWorks Account	
Log ir	n to your MathWorks Account or create a new one.
	Email Address or User ID:

4. Fill in the fields **correctly**. Make sure to use your **st-number** as user ID **without the email ending** (st000000)!

To finish creating your profile, provide the following information for max.mustemana@uni-stutgart.de If it is Name Last Name User 10 (Optional) Must include 0 to 16 alphanumeric characters and start with a lefter (Comple: printho55) Learn more Password Vater and Confirmation Vibrat describes your To be partnered: Country/Region of School/University University of Stattgart Country/Region of Country/Region of School/University University of Stattgart Associate Your Account to a License You how MATLAB already, enter your activation key of locens number here You how MATLAB already, enter your activation key of locens number here You how MATLAB already, enter your activation key of locens number here	MathWorks Account		Math	Works-Suche	٩
